## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Silverbrook et al. (6,496,654).

#### ***Silverbrook et al teach an inkjet printer comprising:***

##### **Claim 1:**

- one or more inks for printing (column 3, lines 56-60 teach printhead utilizes cyan, magenta, yellow, and an infra-red ink)
- a printhead in fluid communication with the one or more inks, wherein at least one of the one or more inks is an infra-red ink (column 3, lines 56-60)

##### **Claim 2:**

- further including a body arranged to store the inks for printing wherein the printhead is attached to the body (column 3, lines 55-67)

##### **Claim 3/1/2:**

- wherein the printhead comprises a page-width printhead (column 3, lines 55-60)

**Claim 4:**

- wherein one or more inks include a set of colored inks to enable color printing (column 3, lines 56-60 teach a set of color inks including cyan, magenta, and yellow inks)

***Response to Arguments***

Applicant's arguments filed 06/07/06 have been fully considered but they are not persuasive.

The applicant argues that his cartridge is a removable and replaceable unit. The examiner disagrees. Nowhere in the claims was this limitation claimed. Furthermore, in claim 1, the limitation "a cartridge" does not breathe life into the body of the claim, therefore, any other limitations besides a printhead is given patentable weight.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any
